Vol 3 Issue 1

First Quarter 2009

Gone But Not Forgotten

In the past eight months, two of our sitting directors and one former director passed into the Final Frontier. These three left their legacy in STARFLEET Academy that will remain for many years. *[See pages 2 – 4.]*

SFA Offers New Services

STARFLEET Academy is more than just a school. See what else we have to offer on page 5.

New Colleges Offered

Members of STARFLEET share their education and interests by writing Colleges for Academy. Two new Colleges were approved and one popular College was rewritten to reflect new information in fandom. *[See page 7]*

Staff Changes

Faculty and Staff members move on to other ventures and new members come in to carry on our service to the members of STARFLEET. Others have left for the Final Frontier, but dedicated STARFLEET members have stepped in to fill those vacancies. *[See page 8 for more]*

In Memoriam

Deborah Kern 8/17/54 – 7/15/08

Technical sergeant, U.S.A.F., retired Debra I. Kern, 53, of Alamogordo, passed away July 15, 2008, at the family home. She was born Aug. 17, 1954, in Jacksonville, Fla., to Howard and Irene Hirst. She was a U. S. Air Force veteran who retired Jan. 1, 1999, after serving in Desert Shield and Desert Storm. She was a life member of the VFW, American Legion and Disabled American Veterans.

She enjoyed playing softball and her pets. She married Jack Kern May 27, 1989, in Colorado Springs, Colo. She is survived by her husband, Jack Kern, of the family home; and her sister, Diane Hirst, and her mother, Irene Hirst both of Sarasota, Fla.

One of my first duties as the newly named Commandant of Starfleet Academy on April Fool's Day of 1999, was to read a proposal for a brand new school suggested by Deb Kern. Her presentation was spot-on and so clearly laid out that I gave her the "go ahead". The Klingon Warrior Academy (KWA) was open for business almost immediately! Deb's KWA was one of Starfleet Academy's most popular schools. Eventually she also created a similar course/college for the Starfleet Marine Academy. Deb was one of Starfleet Academy's hardest working Directors... always coming up with new ideas, and ways to attract students. And believe me... Deb was a Klingon through-and-through!

Throughout the years, Deb and I became close Friends, even though we'd never met face-to-face. E-Mail and Alexander Graham Bell Friends are just as near and dear to us, as I'm sure many of you know. From the very start, Deb called me "Bwana Mama" or "Big Sis" and I called her my "Little Sis". And of course we also know her as "ke'debwov-vestai-Veska"! I hope I spelled that correctly! No matter how hard Deb tried to teach me to speak Klingon... well, it never worked! I'll never forget the "Take a Pie In The Face" she and Nancy Lynch of the USS Mir, worked up. I think Deb got a little bit TOO MUCH enjoyment out of that!!! What a fun-loving gal she was... and I like to think... she still is! Yes, she's passed on to whatever comes next in our existence, but I'll bet she's spreading her special kind of humor wherever she is now!

I lift a large glass of Blood Wine in honor of ke'debwov-vestai-Veska! Quapla, Deb! You made it!!

Marlene Miller

In Memoriam

Truman Temple

4/19/65 – 9/29/08

Major General Truman Temple passed away from complications of diabetes on Monday, September 29. Truman is survived by his wife Cynthia, three children, Catherine, Kimberly, Robert, sisters Tali, Terry, Erika, brothers Russell, Kevin, and mother Verena.

Born on April 19, 1965, Truman was raised in Los Angeles, CA. He was an Eagle Scout. He graduated from Cal State Los Angeles with a BA in History.

He loved STARFLEET and the SFMC. He is seen to the left in his hybrid uniform, with a USS Missouri cap and a number of SFMC pins and badges..

He served STARFLEET for 22 years, leaving his legacy in both Starfleet Academy and the Starfleet Marine Corps Academy. He held the honor of being the top Boothby earner in SFA with a total course count of 1106. The Boothby that represents 1100 (Omega with silver star) has been renamed the Truman Temple Award in his memory.

At the time of his passing he was Commanding Officer of the USS Centurion in Region 4, Awards Director for the SFA, Dean of the Institute of Science Fiction Studies, Director of the Star Wars College, Vessel Readiness Certificate program, Marine Unit Certificate Program, and Director of the Armour Branch in the SFMCA.

Those who knew him, highly respected him and his loss was a great blow to all of us. For those who knew Truman's grumpier side, below is a picture from his online album that reveals the gentle heart beneath.

We will see you in the morning, Truman!

In Memoriam

Carolyn Maureen Avery Zimdahl

3/1/58 – 3/29/09

CHAMPAIGN - Carolyn Maureen Avery Zimdahl, 51, of Champaign, went to be with the Lord on Sunday, March 29, 2009, at 3:31 p.m., at Carle Foundation Hospital, Urbana.

Carolyn was born March 1, 1958, to Elisha and Lenearl "Nora" Avery in Washington, D.C., who preceded her in death, along with a brother, Clarence, and a sister, Dorothy. She is survived by her daughter, Denise Zimdahl, of Rantoul; a grandson, Khalil Muhammad, of Rantoul; a godson, Curtis "Steve" Scott of Wisconsin; a goddaughter, Tiara Kelly of Rantoul; sisters Rosalyn Nixon of Maryland, Alice Avery of Washington, D.C., Stella Joseph of Georgia, Kathy Bingham of California; and a host of nieces, nephews, cousins, relatives and friends.

After graduating from high school in 1976, she enlisted in the U.S. Army, where she served for four years. Once she was discharged from the Army, she moved to Illinois.

Carolyn attended Parkland College in Champaign, where she earned her associate degree in Elementary Education. After completing her education at Parkland, she began working at the University of Illinois as an office support specialist in the Recreation and Park Resources Department, where she remained employed until her passing.

As a member of Pilgrim Missionary Baptist Church, Champaign, she served on the trustee board, was a member of the choir, taught Sunday School, and held the position of church clerk for several years.

Carolyn's hobbies included being an avid Star Trek fan and was a 13-year member of STARFLEET. She was a devoted Illini fan, enjoyed reading, sewing, knitting, and spending time with her family, friends, and loved ones.

At her passing, Carolyn was Awards Director for Region 12, a member of the USS BortaS, and was the director of the College of Law (adult and cadet) and the College of Military Intelligence.

Carolyn was well-liked, even loved, by all who knew her and she will be greatly missed.

The Commandant's Corner

Admiral Peg Pellerin

Greetings from the great Halls of Learning, STARFLEET Academy.

By the time you read this, well over a year of my tenure as the STARFLEET Academy Commandant will have transpired. There have been several changes within the EC of this one year plus administration, but I'm hanging in there and will continue to do so thanks to my hard working and dedicated staff who have been patient while teaching me many things I didn't know and continue to assist me along the way.

The Academy reaches out to our approximately 3500 members. Several have contacted the directors asking questions that aren't totally related to the course(s) they are undertaking. Every time said directors have done everything within their power to assist these members.

For those of you who haven't heard, we now have a course checklist. That's right; several members wanted to know if SFA could produce a checklist of all the courses available so they could either just take a look or download. Some individuals wanted something that showed the

courses with a way to check them off as they completed them.

Thanks to our Coordinator of Support Services, Greg Staylor, for creating the list and our webmaster, Jayden Tyronian for placing it on the home page of SFA website, we now have that available to all SF members.

All that members need to do is go to the SFA website, <http://academy.sfi.org> and there the member will find this course checklist in two areas; the Quick link or the Course Catalog link. The quick link will get you there immediately (guess that's why they call it quick) and at the course catalog link, just click on the link and to the left is the course checklist that one can click onto.

This is a complete list of the STARFLEET Academy's active courses at the time of creation, which is noted in the header of that particular page. It is not an application and cannot be used to request courses. It is

a reference for the personal use of members, such as a check off of courses you have taken or courses you may want to take in the future. So you see, members have requested this and we have delivered.

Another commodity that the Academy has become for STARFLEET is a recruitment

tool. How so, you may ask. Non-members have contacted any one of us and asked how they can take our courses. We explain that one needs to be a member prior to being able to indulge in what the Academy has to offer. We direct them to the SF website and explain the process of joining. We even have a link on our SFA website for joining STARFLEET. Many times we see these same people come across our desks, again, as STARFLEET members.

*"It's amazing what we can accomplish when we work together in the spirit of cooperation and unity."
(Unknown)*

Admiral Peg Pellerin

Academy College News

College of SpecOps Training

Rear Admiral Glen Diebold

Attention: all you Fleet members who see themselves as Special Operations operatives. Starfleet Academy is now offering a series of courses which will show you the real world things a Special Ops person needs to know. Currently

there are courses in SEAR (Survival, Escape, and Retrieval) which also include the prisoner code of conduct and resisting Captivity, and courses in Rappelling, the art of going from aircraft or high objects. In the very near future we will be adding courses in Camouflage, Terrain Analysis, Sniper School, Defensive Tactics and Military Equipment.

I am proud to say that the day these courses went active I had requests for 5 courses (from 3 different people and the requests continue as well as already having 2 graduates. To those members of Starfleet who have been interested in Special Operations you will find that the training requirements for SFSO have changed and are expanding. These courses will make up some of the required courses in Special Ops training.

I have been granted the position of director of the College of Special Operations Training (CSOT) and look forward to hearing from as many of you as possible. You can find the CSOT in the IOMS where there will also be expansion including a new Weapons College coming soon.

So brush off your camo BDU's and get ready to go black ops.

Klingon Warrior Academy

Brigadier General Larry French

Does your heart hear the cry of the Warrior's Spirit? Do you crave the need for battle? Would you rather die in battle than die being old and weak? If your answer is "YES!", then the Klingon Warrior

Academy is for you! Embrace the Warrior's Spirit! Delve into the heat of rituals that make the Klingon heart burn!

Welcome to the Klingon Warrior Academy! These courses are an in-depth study of Klingon Culture, Military, Government, Language, and Technology. Hopefully, these courses will cause you to embrace the warrior spirit. These courses have a manual, but may still require the student to have access to the Star Trek episodes, Star Trek Encyclopedia, The Klingon Dictionary and other readily available reference sources on the Star Trek Universe with the ability to research the Internet for information necessary to complete the courses. The 300 and 400 level courses are designed for those that have embraced the Klingon warrior spirit and want to show their worthiness of being an exceptional warrior. If you find an outside source other than the KWA Manual, please list your references. Qapla'!

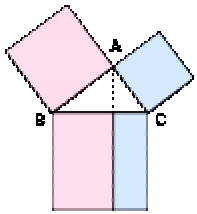

Brigadier General K'moghjIH zantai-Ki'RK will instruct you well. Pay heed to his instruction!

[Ed. Note: The KWA was rewritten in 2008 by Carol Thompson and Larry French and may be retaken by former students.]

Academy College News

College of Mathematics

Lieutenant JG Donald Dobrin

Salutations and Facilitations from the College of Mathematics! This college is designed to give you a brief look at the development and history of mathematics as it evolved on our planet, from the Greek philosophers up to our modern masters of chaos theory as well as some of the interesting math facts from the Star Trek world. The courses are not designed to make you an expert by any means. If you have a curiosity about a certain area then hopefully we will have a course to peak that curiosity. I realize that math is not every ones forte, and to that, I endeavor to make these courses interesting and informative, without math problems that cause sleepless nights and endless nail biting.

The 100 level courses are designed to get you familiar with the great minds in math history. The 200 and 300 level courses will focus on specific areas and topics. For example, Math 201 deals with converting numbers between several different systems all of which are used in our modern day computers. Math 202 will deal with the algebra involved in computer programming (Boolean Algebra). If there is an area you would like to see a class on, email me and I will be glad to look into the possibility of creating one. Future courses will deal with Trigonometry and Algebra up to beginning calculus (yes anyone can do calculus). There is also a cadet level program for our younger members.

So without any further ado:

$x^n + y^n = z^n$ where n is greater than 2.

Staff Promotions

CONGRATULATIONS! To the following SFA personnel on promotions received: Some of these were awarded quite a while ago but were never announced within this media. If I missed someone, I do apologize.

Scott Anderson to Brigadier
Jeff Davis to Fleet Captain
Glen Diebold to Rear Admiral
Debbie French to Commodore
Douglas Mayo to Rear Admiral
Ron Novak to Commodore
Bruce O'Brien to Brigadier
Nancy O'Shields to Commodore
Thomas Pawelczak to Commodore
Jan Sleigh to Captain
Wayne Smith to Colonel
Darlene Topp to Captain
George Ann Wheeler to Fleet Captain
Donald Dobrin to Lieutenant JG
Carolyn Zimdahl to Rear Admiral

Director of the Year – Carol Thompson
College of Intelligence in the Media

Support Staff of the Year
Jayden Tyronian

Academy College News

These cover changes in Academy staff since IC 2008

Staff Changes

The position of Vice Commandant was split into two positions at the request of then Vice-Commandant Carol Thompson. The political aspect of the position took energy and focus away from the day-to-day running of the Academic function of Academy. The result was that the Vice-Commandant (political) position was taken over by Admiral Marlene Miller, who is no stranger to command, and the new title of Coordinator of Academic Services was assigned to the position held by Admiral Carol Thompson.

The position of Coordinator of Support Services was taken over by Admiral Greg Staylor, who has held the position before and who designed and maintains the Fully Automated Course system (FAC) by which students may take courses completely online, including receiving their diplomas at the end of the session.

The Deanship of the Institute of Science Fiction Studies was taken over by then Captain George Ann Wheeler, one of the directors of the Institute. This position was made vacant by the death of Truman Temple. At the time she took over, most of the colleges were closed. Within a short time at the helm, she got the Colleges opened and got a firm hand on the organization of the IOSFS.

Scott Anderson stepped in and took over the Awards directorship when it was apparent that Truman's health was failing. This transition was seamless and no one went without awards, including the monthly Boothbys.

Reed Bates was selected as Scholarship Director. Her job is to manage the Scholarship program, accept applicants, analyse candidate's qualifications, and with the input of Command, choose which applicants shall be awarded the yearly scholarships.

Directorship Changes

The following people assumed directorships. Some Colleges are new and some became vacant.

Scott Anderson	Leadership College
Glen Diebold	SpecOps Training
Donald Dobrin	Mathematics
David Jameson	XenoStudies
Debbie French	Flag Officers' School
Larry French	Klingon Warrior Academy
Douglas Mayo	Star Wars
Bruce O'Brien	MURP
Peg Pellerin	VRCP
Eric Stubblefield	Fantasy
Lee Vitasek	Andorian Orientation
Annie Wheeler	Macabre

ACADEMY DEGREE PROGRAM GRADUATES

The Academy Degree Program

The Academy Degree Program allows the student to apply his or her earned Academy credits towards an Academy-wide degree.

The program is designed around a real-life University degree program in which there are certain categories of courses one must take to meet the requirements of any degree.

The ADP offers Associate, Bachelor, Master and Doctorate in the following majors:

- Alien Studies
- Command
- Communications
- Federation Studies
- History
- Intelligence Operations
- Liberal Arts
- Military Science
- Science Fiction Studies

The program is designed to give the student a well-rounded SFA experience.

Eric Johannson	Masters	Sci-Fi Studies
	Doctorate	Liberal Arts
Donald Dobrin	Bachelor	Intelligence Operations
	Doctorate	Federation Studies
	Doctorate	Sci-Fi Studies
	Doctorate	Intelligence Operations
Jan Sleigh	Doctorate	Federation Studies
	Doctorate	Sci-Fi Studies
Carol Thompson	Doctorate	Federation Studies
	Doctorate	Intel Ops
	Doctorate	Sci-Fi Studies
	Doctorate	Liberal Arts
Nick Hamze	Bachelor	Federation Studies
	Bachelor	Sci-Fi Studies
Douglas Mayo	Doctorate	Sci-Fi Studies
	Doctorate	Federation Studies
Dobrin Donald	Master	Intelligence Operations
	Master	Alien Studies/Federation Studies
Ros Haywood	Doctorate	Sci-Fi Studies
	Doctorate	Federation Studies
	Doctorate	Federation Studies
	Doctorate	Sci-Fi Studies
Larry French	Doctorate	Sci-Fi Studies
	Doctorate	Alien Studies/Intel
	Doctorate	Military Science
	Doctorate	Liberal Arts
	Doctorate	Sci-Fi Studies
Scott Schaller	Associate	Military Science
	Associate	Command
