Greetings from the great Halls of Learning, Starfleet Academy!

Several things have come up lately at the Academy, that reminds me that we are much more to the Academy than meets the members' eyes. They don't realize that a lot goes on back stage. Many of us who work at the Academy also have real jobs, yet we

spend as much time, if not more, working at the Academy than we do at the ones that help to pay our bills.

Are we complaining, heck no! We do need a break now and then just so we can take care of our real life things such as pay those bills, clean the house/yard, feed the pets...oh, yes feed the family, etc., but we always come back. Why? Because we love what we are doing.

Besides creating and maintaining our colleges, answering requests, grading and sending out certificates, we are also a customer service center. Many of us receive questions about our own colleges, other directors' colleges, and departments elsewhere in SFI. We do everything we can to answer those questions and direct the customers (aka members) to the appropriate place to get the appropriate answers. Most members are very courteous but once in a while, we do get an irate customer. We do everything in our power to maintain that smile and assist, but just like in any customer service center, you just can't please them all.

I do feel that the personnel of STARFLEET Academy are the best people any could meet and work with. I have received several emails and postal letters/postcards from members complimenting the wonderful people of the Academy that they have dealt with that have made their membership to SFI worth while.

I commend all of my hard-working, dedicated team/family that make the Academy what it is to the members of SFI; a haven for stress release, Alzheimer's preventive care, fun and educational.

Thank you, members for giving us a purpose for doing what we do and thank you SFA team for doing what you do.

Until next time,

Admiral Peg Pellerin,
SFA Commandant

ACADEMY CADET NEWS

Page 4

Hello everyone.

Some of you may remember an award I started about three years ago, called the Cadet Star Award. For those of you who don't remember, let me refresh your memories.

Cadets (6 through 17 yrs of age) who take courses from the college offerings within the Institute of Cadet Studies must complete a college with Honors &/or Distinctions. When doing so, they receive a congratulatory letter from myself as well as a special certificate and a gold star pin. They can complete as many colleges as they want, earning more letters, certificates and pins.

If a cadet completes any college within the Adult Institutes with Honors and/or Distinctions and only 1 Pass, the cadet will also earn the Cadet Star Award.

Some of the older cadets (13 through 17) have never attempted the colleges within the adult institutes because they didn't know they were allowed to. So, please pass this on to your cadet members.

I do hope with these incentives, that we start seeing more of our younger members start getting involved at STARFLEET Academy.

CADET STAR AWARDS

Drum roll please.....I am pleased to announce that we have recipients to the Cadet Honor Star Awards.

These Cadets earned the Cadet Star Award for completing adult Colleges in Academy with Honors and Distinctions:

Donald Arnold for College of Humour

Donald Arnold for College of Starship Operations

Congratulations, Donald, on receiving your 7th Cadet Star Award. You have done so by completing all six courses of the adult based Ferengi Orientation College with Distinction.

Remember, those of you who direct Cadet Colleges, that when you have a Cadet who has fully completed a Cadet College with Honors and/or Distinctions to let me know so I can send that Cadet the same Award. They can earn as many awards as there are Cadet Colleges.

I'd love to see a Cadet weighed down by loads of star pins!

COLLEGE OF DUNE

Vice Admiral Patricia Lewis,
Director
roseshakara@gmail.com
5394 N Street NE
Magnolia, OH 44643-8475

Introduction

The College of Dune (COD) provides an introductory approach to the science fiction novels that feature the Dune Universe as created by author Frank Herbert. Never read the Dune novels? No problem. These courses provide an excellent opportunity to gain easy exposure to the entire series without reading the novels. Although, we do hope you will enjoy Dune and wish to immerse yourself in the books.

Begin with the first novel, Dune, and work your way through the original six novels. Twenty-five questions with multiple-choice answers and a list of references for researching the answers make the courses user-friendly. But don't stop there. Continue into the modern Dune era with prequels and sequels penned by Herbert's son, Brian, and co-author, Kevin J. Anderson. Sallama al-lahu wa-nasaraka!

Online PDF Converter

I found myself in a bind earlier this week. I needed to change the second page of a .PDF print quote so that it had a signature. The signature was a different file. Normally, I'd print them out and then scan the two pages I needed and create a new PDF, but to facilitate that I'd need to drive up to my office in Ypsilanti which wasn't really an option. So I started hunting around online to find a site that would let me merge and edit the documents. After finding a few terrible options, I discovered Online PDF Converter. It was exactly what I needed and easy to use, so I thought I'd share it with you!

When you arrive at the site, you'll find that everything you need to know is right there on the page. They lay out the directions, the different uses of the site, and the different types of files you can use to achieve your goal. They also provide a link to the documentation of all the features offered.

To use the converter is really easy! To begin click the Browse button and select the file or files you want to work with. Then choose what you want to do to the file. It is set to file conversion by default, but you can select Compression, View, Image to PDF, Protection, and Header to Footer options.

Also if you notice at the right of the page there are three more options: a padlock, for password options; rotating files, for file rotations; and scissors, for editing the pages. I was here for the last option. I need to merge two files and edit the page order.

Once you've made your selections, just click the red Convert button. It will upload the file or files, make the changes you want, and then automatically download your new file. If it doesn't automatically download the file, you can click the Manual Download link to download the file.

This site makes it easy to convert and edit documents for free. Go check it out today!

50TH ANNIVERSARY

It's another 50th anniversary milestone for *Star Trek*, as the world marks a half-century since production began on original pilot episode, "The Cage" -- and the upcoming Issue #51 of *The Official Star Trek Magazine* will look back at the making of that landmark episode, from the very first scenes shot on stage 16 at Desilu Studios, in Culver City, in November 1964.

The Official Star Trek Magazine, Issue #51, will be available on October 21.

FROM THE EDITOR

Dear Students:

Now that I'm back it's time to roll up my shirt sleeves and start working on new articles for your enjoyment.

It's time for all you students to hit the classes once again, so sharpen those pencils, get out the books and hunker down to study. I wish you much success in your learning and life goals.

On a more somber note, I wish to send my condolences to the family of Gary Hollifield, Jr. He will be greatly missed.
