

FLEET STATUS UPDATE | JAN 2021

FLEET ADMIRAL | STEVE PARMLEY

cs@sfi.org

bementfire@gmail.com

Thursdays are the new day for STARFLEET After Dark, 10pm CST!

DEPARTMENTS UNDER THE CS

STARFLEET MEMBER SERVICES ADM BRAN STIMPSON

This month we are moving forward with adding a Regional Contact into all Orientation emails. I am working with Alan to make this happen. I will be reaching out to all the Regional Coordinators in order to get who that contact for their Region should be. We may also start letting them, the Regional Coordinators, know when new members are assigned to their Regions directly as well.

2021 will bring several projects within Member Services. Humanoid Resources is going to put together a spreadsheet of all the posts, active, within STARFLEET. This will help with not only filling those positions but perhaps identifying issues as well.

I am working on the Member Services Manual, which will outline what the positions within the department are, but also the basic steps to do those positions.

COMMENTS

I have closed out the 2020 files and I have them ready to send to the Archives.

I carried over P-20-51 and P-20-52, from the 2020 Tally Sheet since they were still in the process of being voted on. I left a blank line between these two nominations and the 2021 nominations, on the 2021 Tally Sheet.

The nominations for 2021 will be designated as P-21-number.

The denominations for 2021 will be designated as D-21-number.

I have submitted a Help Desk Ticket, #HXY-QU6-3Z9T. I have requested that the Flag Promotion Criteria document be removed because it is outdated. I have also requested that the online nomination form be toggled off until it can be updated to match the nomination form in the Promotion Guidelines Packet. The Help Desk forwarded my ticket to CompOps on 11/20. I have not yet received a reply from CompOps. I have replied to Frank Gonzalez, on this ticket, letting him know the status. I have also attached a copy of the correspondence on the ticket.

I realize that CompOps has been incredibly busy with the move to the Server, so I have refrained from blowing up their inbox.

AB 20-28 Motion passes.

AB 20-29: Any member who quits STARFLEET during an appropriately sanctioned investigation is automatically banned from the STARFLEET in perpetuity. Any subsequent application for membership from such banned members must be directed immediately to the Admiralty Board for consideration. The Vice-Commander, STARFLEET, as corporate secretary, will maintain the list of banned members. All investigations sanctioned by the Commander, STARFLEET must be reported to the Admiralty Board within 24 hours, detailing the parties involved and nature of the complaint. No other information that might prejudice board members on the subject should be delivered at that time - but it is the Board's opportunity to ensure all investigations have merit.

VCS Personnel

Chief Wireless Operator: CMDR Gerhard Pretorius, **SFDPP** Certified

There will be three new departments coming online effective February 1, 2021:

STARFLEET Intelligence will be headed up by LTC Russ Camp.

Stellar Cartography will be headed up by COL Mike Calhoun.

STARFLEET Security will be headed up by ADM James Herring.

Also, effective February 1st, MACO will return to the name of STARFLEET Special Operations. But MACO will still exist as a department in SFSO.

This has been a slow month for the program with the holidays and returning to work after a prolonged medical leave. The Director did attend a zoom meeting with the CS and VCS and will be implementing some of the ideas discussed there in the coming months.

STARFLEET DIPLOMATIC CORPS **CPT AARON HIMES**

sffleetambassador@gmail.com

SFDPP CERTIFIED

December was an exciting month, as we had our first inter-organization event with KAG. The Food Drive War was a huge success, with the biggest winners being all the families we helped feed. While KAG did win the battle, don't lose heart for we will have a chance to even the score. The final results were, KAG 3169lbs and SFI 1531lbs. That's over two tons of food raised for needy families across the world!

These are the ships that stood against the Klingon aggression and their donations:

USS Appomattox 171.5 lbs

USS Nomad 350.5 lbs

USS Tiburon 116 lbs

USS Stella Pirata 29 lbs

ISS Pegasus 15 lbs

USS Banneker 95 lbs

USS Sovereign 186 lbsw

USS Jurassic 58 lbs

USS Solstice 184 lbs

We plan on doing many more events with KAG. We are also still sending out requests for contact and diplomatic relations to several more organizations. We hope to establish more relations in the coming year, to have even more events we can take part in.

The Sistership Program has officially launched. We are looking for ships interested in joining; please email me at sffleetambassador@gmail.com. We will be pairing ships from different cultures to help foster understanding and education throughout the Fleet. If you already have a sistership, you are still welcome to join us.

That is all for now, Have a great and safe New Year.

FAST RECRUITING ORIENTATION SHAKEDOWN TEAM (F.R.O.S.T.)

CPT JASON GARRETT
frost.sfi@gmail.com

SFDPP CERTIFIED

With the pandemic the way it is, it has been discussed on how we could move forward. I have started to move out to the internet community to achieve the department aims in a new and safe way.

I hope to see some initial results for next month's report.

MACO RADM DENISE RUSH

sfso@sfi.org

SFDPP CERTIFIED

We currently have **46** SOU's and **212** Operatives.

This is a decrease of 2 members from last month due to expired memberships. Our numbers still do not add up with the information in the DB because not everyone is officially registered with MACO. There is currently a total of 366 members affiliated with MACO in the DB, but 154 of those are not listed with any MACO SOU or as an IO. I wish there were a way to correct these numbers in the DB so that they would match.

On Dec 11, 2020 I petitioned the CS and VCS to have our original name of STARFLEET Special Operations (SFSO) restored. I received confirmation on Dec 18, 2020 to – “Make it so!”.

With that permission given we will be reinstating our name to SFSO on Jan 1, 2021. I want to clarify that only the name will revert to the original SFSO with MACO as a subgroup as it had been before the forced change in March 2018. All Training and Awards will remain the same, but the overall title will revert to SFSO.

I was asked to poll the current MACO Staff and the results of that poll are the following:

Yes - 9

Yes - 3 (with the caveat that MACO remain under SFSO and we can continue to operate as such)

No - 2

86% of the Staff in favor of the reinstatement

The CS then polled the members on the MACO Facebook page the result of that poll is the following:

Yes - 41

No - 19

Abs - 3

65% of the members polled in favor of the reinstatement.

With the CS, VCS, AB and membership approval we will be reinstating our name to SFSO on February 1, 2021. I do want to clarify that only the name will revert to the original SFSO with MACO as a subgroup as it had been requested and before the forced change in Mar 2018. All Training and Awards will all remain the same, but the overall title will revert to SFSO.

Because of our continuous growth I will be dividing the IO's into their own grouping to ease the amount of reporting for the Group Commanders. We will have 3 Groups as of February 1, 2021.

DIRECTOR OF CYBER OPERATIONS REPORT

There have been some minor changes to the website over the past month. Mostly the documents for Training which are being adjusted as the Academy makes changes to the curriculum.

DIRECTOR TRAINING OPERATIONS REPORT

Joel “Rob” Ehl (JR) has stepped down as the Deputy Director Training Ops, MACO. I have advertised this position with Humanoid Resources and on the Crossed Daggers Facebook Page. I haven’t received any applications.

Due to staffing issues, two colleges, in the Institute of Military Operations (IOMO) are going to be merged into other colleges in the IOMO.

The College of Special Operations Flight (CSOF) will be merged into the College of Special Operations Training (CSOT) on 12/31/20.

The College of Special Operations Resources (CSOR) will be merged into the College of Special Operations Defense (CSOD) on 12/31/20. All Training applications will need to be updated with this new information.

Number of SpecOps Graduates for this Period: **21**

I will review the MACO Certification Officers Report to determine if any Training Awards have been earned by Operatives. This will catch any Operatives accomplishments that weren’t sent in via the Award Request Form. I’ll send those certificates out monthly.

With the merger of the College of Special Operations Resources (CSOR) being merged into the College of Special Operations Defense (CSOD), an update to the Awards Manual is needed. Currently the Combined Forces Award is earned when completing the CSOU, CSOR and CSOS. Since the CSOR will no longer exist after 12/31/20, we need to edit this award’s criteria. These changes won’t go into effect until January 1, 2021.

Number of Awards Earned for this Period: **3**

TRAINING CERTIFICATION OFFICERS REPORT

The certification process has been streamlined considerably, with the implementation of the new requirements and the updated MACO Training Manual. The verification process is coming along, still most of the application being received are still incomplete and do not have all the documentation attached. The team leaders and unit commanders will need to ensure that the MACO Operations sheet information is up to date and that they are initialing the operatives training.

Training Records and Certificates still are not being submitted with applications.

Number of Certifications Earned for this Period: **14**

EDITOR "SECURED FREQUENCIES"

I have received an offer of help for Newsletter Layout from Matthew Davies.
Three articles have been submitted for this current issue that is nearly complete.
Joshua Dadd, Thomas Bores & Robert Richards
Also still hoping as time goes on more members will submit article suggestions.
Have received 1 short story for next issue so far. Any and all contributions welcome.

DIRECTOR OF RECRUITING AND RETENTION REPORT

I've nothing to report for this month. It has been uneventful in terms of R&R.

MACO SERVICE AWARD OFFICERS REPORT

Service Awards Issued in September.

<i>MACO Service Award</i>	<i>Number Issued</i>	<i>MACO Service Award</i>	<i>Number Issued</i>

General Martok 1yr - April Victorine

AWARDS REQUESTED: 1

Pike Cross - RADM Lea Morgan

PROBLEMS, COMMENTS, OR SUGGESTIONS:

IO 119 - *During this reporting period, the Miller family transferred off the USS Helen Pawlowski in Region 15 and to the USS Missouri in Region 12 -- marking our return to Region 12. The USS Missouri currently does not have a MACO unit and as we're still trying to sort things out on our new chapter and with our new CO, we will continue as the IO-119 for the meantime and continue to report on a monthly basis. As soon as our unit status is clarified, we will forward more information.*

IO 555 - *None that I can think of*

SOU 004 - *Would like more information on updates and current chain of command, also feedback, new to this position and information leads to knowledge and that to strength.*

SOU 013 - *Submitting early due to a family emergency and rushing out of town.*

SOU 042 - *Happy Holidays*

ROSTER CHANGES

Gains - 2

Losses - 1

Leadership Changes: 2

AWARDS ISSUED: 0

AWARDS REQUESTED: 1

PROBLEMS, COMMENTS, OR SUGGESTIONS:

SOU 020 - Due to the distances between crew and

SOU members there are no forms of meeting and we have received no leadership from our chapter commanding officer. I understand given the distances involved and the COVID crisis that this should probably be expected. However, it is leaving me disheartened and somewhat disinterested in continuing to pursue my education with the Academy. We have yet to receive ranks or any other form of recognition from the USS Ares.

SOU 228 - *We are all more than happy to slam the door on 2020 and tell it never to come back.*

SOU 501 - *I have removed Matt and Jess from the active roster until they decide what the status of their membership will be. Currently they are expired however talks are still being conducted between the chapter CO and themselves. For records sake, the Shuttlecraft Firehawk (which housed many of the SOU's members) has been reabsorbed back into the mother ship chapter (USS Tydirium) but will remain as a 'name only' shuttle.*

SOU 1725 - *On short notice I, George Walter took over leadership of MACO on the 28th of December 2020. With Captain Ehl as my assistant for now.*

Total MACO Operatives accounted for: **212**

Total MACO Affiliates in DB: **366**

Total MACO SOU's & Independents: **46**

SFDPP CERTIFIED

[FACEBOOK LINK](#)

There were 5 new registrations for January 2021, 4 dogs and 1 cat. These were from 1 existing and 3 new pet parents. This brings our total registrations to 403 pets with 188 pet parents. These include 19 stuffed animals, 174 cats (8 deceased, 3 retired), 164 dogs (6 deceased, 1 given away, 1 retired), 8 birds, 2 racoons, 5 rabbits, 7 lizards, 2 guinea pigs, (1 deceased), 2 ferrets, 4 tarantulas, 5 snakes, 4 turtles (1 deceased), 2 fish, 1 hedgehog, and 1 horse. There are likely additional deceased pets, but these are all that I have record of at this time.

Nov 15 - Dec 14th 2020

PUBLIC HEALTH

CMDR Brett McIlff

In the previous period, an article on anti-maskers waging biological warfare was submitted to the Hypospray. Efforts are being made to create a fleet public health advisory format. The proposal on this is to have it sent from OSG for periodic reminders on health topics of a public health nature. It is still in the idea phase, and any input would be appreciated. Obviously not as medical advice or to replace real-world agencies, but to draw attention to the office of SG and raise awareness of public health issues. I just need to get some experience in making things pretty.

MEN'S HEALTH

CAPT Jim Landelius

Have posted a Men's health article to the Region 12 Web Page each week. Have posted at least once to the SFM page.

**EMERGENCY
PLANNING**

LTJG James Goulding

Posting information on vaccine preparedness on both SF Medical and R20 Medical pages.

We are pleased to be able to get ourselves back on track with Reproduction and Mental Health completed.

Still in research are: Digestive, Muscular and Skeletal, Integumentary, Respiratory, Immune

All are works in progress and should be completed in time for the next report

We feel that the pandemic and the uncertainties with restrictions and lockdowns had affected the teams mental health but we are glad to say that most of the team are back and full of enthusiasm back glad to report all is well and we are back researching with high spirit.

PLEASE REMEMBER

STARFLEET Medical does the same as SFMC & MACO- it gives members a different way to channel their fandom within SFI and is an extension to your regions Commitment to give value for membership. We act as a central focal point for the medical aspect of SFI in the same way the SFMC & MACO do for those interested in the military side of SFI and just as they support their members we do the same offering support and encouragement to Medical members.

Starfleet Sciences has a [web site](#) which includes a Chief Science Officer Handbook; in the past month, the number of hits to the web page increased 32 to 5554. Starfleet Sciences also has a listserv and Facebook page; the Facebook page has 2592 lifetime total likes and 1083 daily total impressions for December. A [pininterest board](#) of science-related events by region is available. A Stellar Cartography department, with Capt. Michael Krogh (mkrogh@mail.com) at its head, has a goal to promote amateur astronomy through information, advice and communication. Stellar Cartography's [Facebook page](#). Starfleet Sciences Director Richard Heim and wife are safe and healthy, continuing to shelter at home, to escape the novel corona virus COVID-19, and teleworking. Starfleet Sciences receives reports from the regional science officers or liaisons in seven regions (1, 7, 8, 9, 11, 13, and 15). Region One Sciences (also led by Adm. Heim) was active with five ships reporting in December, and Region 7's Comm. Held summarized many new developments in the field of astronomy and space exploration reported by the USS Sovereign. Science reports made at Region One's USS Alaric meetings include: climate change made a recent drought in the U.S. Southwest one of the area's worst in 1200 years; long childhoods may have originated earlier than thought; particle collisions offer evidence for a class of particles that behave unlike any other; auroras may explain Saturn's unexpectedly hot atmosphere; solar system's recent visitor may be a shard of a broken planet; brightest supernova on record may be a rare kind of stellar explosion; artificial intelligence deciphers mice's facial expressions; South Africa hosted a major hominid transition about 2 million years ago; Great Barrier Reef suffers its third mass bleaching event in the last five years; weirdly warped planet-forming disk circles a distant trio of stars. Comm. Held's summary included reports on: Big dust storms may have driven off much of Mars' water; Faint 'super-planet' discovered by radio telescope for the 1st time; Jupiter's ocean moon Europa may spout water plumes from its icy crust; Losing Arecibo's giant dish leaves humans more vulnerable to space rocks, scientists say; On Mars, internal heat may have powered habitable hotspots long ago; Samples of asteroid Ryugu arrive in Japan after successful Hayabusa2 capsule landing; Earth spent 500 million years creating and eating dead continents; Astronomers discover galactic "fossil" inside the Milky Way. December posts to the Starfleet Sciences Facebook page covered such topics as: A 50-Year-Old Global Warming Forecast That Still Holds Up; Exoplanet Earth: An Ultimate Selfie to Find Habitable Worlds; "Thirstier" Atmosphere Will Increase Wildfire Risk out West; Top 10 emerging technologies of 2020; Arecibo: The tragedy of a ruined telescope; Rethinking What We Mean By Intelligence; Volcanoes feed the atmosphere on Jupiter's moon Io; What 50 gravitational-wave events reveal about the universe; Latest Starfleet Sciences and Region One Sciences news; The helix of life: New study shows how RNA stably binds to artificial nucleic acids; Breaking the rules of chemistry unlocks new reaction for enzyme engineering;

Did early life need long, complex molecules to make cell-like compartments?; Dark matter clumps in galaxy clusters bend light surprisingly well; A weirdly warped planet-forming disk circles a distant trio of stars; Why just being in the habitable zone doesn't make exoplanets livable; To the brain, reading computer code is not the same as reading language; How space-age technology has helped us on Earth; An unusual meteorite, more valuable than gold, may hold the building blocks of life; Dozens of scientific breakthroughs this year upended our understanding of human history, the search for alien life, and the coronavirus pandemic; and Galaxy Brain Is Real, as well as Science Shows on TV This Week. The most popular post was to the brain, reading computer code is not the same as reading language, viewed by 87 people, followed by Galaxy Brain Is Real (79 people) and Arecibo: The tragedy of a ruined telescope (70).

ADMIRAL | JONATHAN SIMMONS

ops@sfi.org

gumbysan@gmail.com

Greetings from Operations. Here are the numbers from December 2020.

43 Chapters failed to report this month. This is the highest FTR rate since I became Chief of Ops. Also only R7, R4 and R20 sent in regional status reports as the database no longer sends me copies from RCs. As of this date, I have no way to view or track regional reports and again ask that CompOps create a tool called RSR Review for Ops to utilize.

We have updated and released a new START and Support Ship Operations Manuals as well as a newly updated Vessel Registry. Look for these and other tools on the website.

ShOC reports the commissioning of the Concorde and the launch of Deep Space 8.

Here's the DTS report for 12012 :

DTS activity dropped significantly in December, most likely due to the combination of the holidays and Covid-19 spread. There was almost no activity on the chapter side, and the department offices were much quieter, as well. No new vessel reservation requests were received, and no chapter name/class/NCC changes took place. No new ship classes were approved, and no new shuttlecraft were approved. No names were released. On the departmental offices side, the ASDB has been quiet in December due to other issues being dealt with. OTI did not receive any inquiries, but continued research on the Parliament-class from "Lower Decks" and several classes from "Picard", as well as new classes from "Discovery" Season 3. OTI is also continuing to expand its collection of vessel and station silhouettes for use in publications or for other graphical needs. OSA did not report.

Here are the DTS compiled statistics for SD12001-SD12012:

Names approved for new vessels (either on shakedown cruises or preparing for same) include

USS Amelia Earhart	NCC-50005	Cheyenne-Class Exploratory Cruiser
USS Ares	NCC-1650	Ares-Class Assault Cruiser
Arrowsmith Station	SFR-1010	Watchtower-Class Space Station
USS Chicago	NCC-75011	Sovereign-Class Heavy Cruiser
USS Chimera	NCC-74208	Defiant-Class Escort
USS Darksabre	NCC-61949	Saber-Class Scout
USS Essex	NCC-1727	Constitution-Class, Bonhomme Richard-Subclass Heavy Cruiser
USS Gallifrey	NCC-4744391	Wells-Class Timeship
USS Genesis	NCC-61945	Gallipoli-Class Heavy Carrier
USS Io	NCC-80105	Luna-Class Exploratory Cruiser
USS Katherine Johnson	NCC-53848	Oberth-Class Scout
USS Le Moyne	NCC-2577	Excelsior-Class (Enterprise-B Variant) Heavy Cruiser
USS Liberty	NCC-75012	Sovereign-Class Heavy Cruiser

USS Masamune	NCC-63710	Akira-Class Battlecruiser
USS Nomad	NCC-72382	Nova-Class Science Scout
USS Rising Star	NCC-80009	Spirit-Class Scout/Courier
USS Septarian	NCC-1834	Miranda-Class Cruiser
USS Tempo	NCC-72295	Gabriel-Class Shuttlecarrier

Name/Class/NCC changes approved for starships/stations include:

USS Aries	NCC-71806	Sovereign-Class Heavy Cruiser to NCC-71806-C, an Aries-Class Long-Range Expeditionary Carrier
USS Discovery	NCC-1308	Chang Ho-Class Tactical Cruiser to USS Valiant, NCC-75418 an Intrepid-Class Cruiser
USS Drakonia	NCC-1657	Constitution-Class, Subclass Heavy Cruiser to USS Thunder, NCC-42769 an Excelsior-Class Heavy Cruiser
USS King Edward	NCC-74206	Defiant-Class Escort to USS Chinook
USS Olympus	NCC-36010	Normandy-Class Supercarrier to Invincible-Class Space Control Ship
USS Richthofen	NCC-73286	Entente-Class Dreadnought to USS Banneker, NCC 71812 a Galaxy-Class Exploratory Cruiser
USS San Antonio	NCC-09	NX-Class Cruiser to Rutan Station, SFR-301 Kepler (K)-Class Trading Station
USS Storm	NCC-1694	Entente-Class Dreadnought to USS New Jersey, NCC-2121, Federation-Class Dreadnought
USS Yorktown	NCC-1704	Constitution-Class, Bonhomme Richard-Subclass Heavy Cruiser to NCC-97004 Odyssey-Class Star Cruiser

New classes approved include:

Aries-Class	Long-Range Expeditionary Carrier	Registry-Range Pending
California-Class	Utility Support Ship	Ranges: 7556X, 8707X (ex. USS Cerritos, NCC-75567; USS Merced, NCC-87075)
Curiosity-Class	Heavy Cruiser	Range: 7571X (ex. USS Ibn Majid, NCC-75710)
Invincible-Class	Space Control Ship	Range: 88777-88789 (ex. USS Invincible, NCC-88777)
Malachowski-Class	Light Cruiser	162X, 166X (ex. USS Sioux, NCC-1621; USS Clarke, NCC-1661)

Names approved for shuttlecraft include:

Rubins	NCC-74685/01
--------	---------------------

The decommissioning/deactivation of the following vessels was noted per the report of ADM Simmons, or from other sources, and their names are now listed as on-hold, as per standard protocol, pending any decision to reactivate those vessels:

USS DeBraak	NCC-63543	Akira-Class Battlecruiser
USS Gyga	NCC-63545	Akira-Class Battlecruiser
USS Katana	NCC-77003	Champion-Class Space Control Ship
USS Morrgan	NCC-75027	Sovereign-Class Heavy Cruiser
USS North Carolina	NCC-75019	Sovereign-Class Heavy Cruiser
USS Odin	NCC-1875	Avenger-Class Heavy Frigate
USS Premonition	NCC-75031	Sovereign-Class Heavy Cruiser

USS Reval	NCC-72707	Nova-Class Science Scout
USS Riviera	NCC-42999	Excelsior-Class Heavy Cruiser
USS Vre'kasht	NCC-33187	Surak-Class Light Research Cruiser

Additional releases of names for those vessels having left STARFLEET can now take place, the requisite 6-month waiting period having passed. Therefore:

Names now available following chapter withdrawal from STARFLEET and 6-month waiting period:

USS Christine Wildstar	(Name Released Due to Shakedown Group Inactivity)
USS DeBraak	
USS Douglas Adams	(Name Released Due to Pre-Shakedown Group Inactivity)
USS Harlequin	
USS Katana	
USS Morigan	
USS Odin	
USS Premonition	
USS Reval	
USS Riviera	

That's it for this month. See you in 30...

ADMIRAL | JEFF HIGDON

comms@sfi.org

SFDPP CERTIFIED

Greetings and Felicitations from your Chief Peon in the Communications Department of your STARFLEET! I am very happy to see that our 'Fleeters survived the year that was 2020. Let's make 2021 better!!!

This report will be shorter than my usual reports. Just a reminder that articles, pictures, art and reports for the next edition of *our* STARFLEET COMMUNIQUE, which will be Issue 206 will be Tuesday, March 15 at 11:59 PM. Send your submissions to starfleetcq@gmail.com.

That is all for this month. The Chief Communication Peon signing off!!!

MAJOR GENERAL | TJ ALLEN

academy@sfi.org

SFDPP CERTIFIED

CES OFFICE

Welcome back from hopefully a wonderful holiday. COVID still around does throw some hinderance in that.

On a separate note, we closed colleges that did not have updated manuals. This does not mean they will all remain closed. Some of them are temporary. But we are pushing forward.

We are in a crunch as we have found schools that does not fit properly, and we had some that are to be opened. There were moves being done here in January. The new Catalog was just recently released with some changes to it based on the changes of Schools, Colleges, and Institutes.

Keep a look out for the changes and remember to go to Moodle and take the courses. You may enjoy or wish to join our Educational Colleges. We are always looking for new people. The STARFLEET Academy Orientation College is a good place to look at how the Academies operate. And we are looking into others that will make your experience in STARFLEET a good one but it does require work.

SFA NEWS

We here at SFA hope that everyone had a good holiday season, and sincerely hope that 2021 will be better for not just our members, but for the world. As expected, the course numbers were down a bit in December, with 110 individual students taking almost 950 exams (not counting SFDPP).

For 2020, I am proud to say that SFA administered over 18,000 courses (not including the 1,496 exams in SFDPP). We also welcomed 38 new staff members to SFA. While we did lose a few staff members in 2020, it is good that we are getting new members joining us, and many of these folks are offering to help in multiple areas.

Some of our colleges are still closed for revisions and updates, but those that are open have been revised. We realize that one of the biggest issues in SFA is keeping our materials up to date, and last year we took the first step to better serve our members in this regard. Our plan is to set up a schedule that will allow us to update our materials on a more regular basis.

The focus of 2021 will be getting more of our courses programmed as automated quizzes on Moodle. We have seen that most students prefer this format, allowing them to take exams efficiently, and receive their results and certificates immediately after finishing a quiz. This will take time, so please bear with us as we get the quizzes and certificates programmed into the system. For those who prefer the more traditional method of taking exams, all exams will continue to be available as a downloadable PDF.

SFMCA NEWS

The end of 2020 seems to have taken its toll on the SFMCA. Number of students taking courses was down to a record low. It could be the holidays; it could be the pandemic. We hope to see an increase in numbers as the new year sets in.

REAR ADMIRAL | TONY KNOPES

compops@sfi.org

db@sfi.org

No Report Received.

GENERAL | LINDA OLSON

cfo@sfi.org

dragonladye@wildblue.net

Hello! The best way I know to deliver this information to the members is to give the short version.

Opened the month of December with a balance of \$70,658.00

Credits equaled \$1858.45

Debits equaled \$4711.44

Closed the month of December with a balance of \$67,805.01.

Breakdown of credits is as follows:

\$1832.45 PayPal receipts from December not pulled but is included in the total above.

Over the counter deposits - \$26.00 (Membership)

total \$1858.45

Breakdown of Debits

Site 5.com - \$28.73

Dream host - \$16.90 SFA

Linode.com - \$33.22

1and 1.com - 40.34

Com badge postage (corona virus 17.25)

International Quartermaster reship for flags - \$71.10.

Scholarship checks paid out \$4000.00.

Payment to TRMN (database) \$500

SFI quartermaster postage - \$3.90

total debits for December from the Main Account totals - \$4711.44

December PayPal receipts total breakdown

Membership revenue = \$1832.20 less fees of \$126.06 on sales and \$30 monthly fee = \$1676.14

MP donations for scholarship = \$272.00

Plaque postage reimbursed via PayPal - \$67.15.

Annual Awards postage reimbursed via PayPal - \$204.60.

SFI SCHOLARSHIP ACCOUNT

Opened the month of December with a balance of \$13948.31 report incorrectly last month.

Credits -\$272.00 collected from MP online but not transferred to the savings account yet.

Interest - 11 cents

Debits - \$0

Closed the month of December with a balance of \$14220.42.

Credit Break Down

Online MP donations - 272.00

Interest - .11

Total \$272.11

STARFLEET INTERNATIONAL CONFERENCE ACCOUNT - *what should be in the account if the Main and SFMC accounts were active.*

Opened the month of December \$3,419.83 (\$797.48 carried over in account before 2021 began accepting deposits. The \$500 deposit to the hotel for 2021 will need to be returned to the main account)

Credits -\$128.15 (PayPal income not yet transferred for the month)

Debits - \$0

Closed Month of November \$3547.98

Breakdown of credits

PayPal sales \$134.00 less PayPal fee of \$5.85 = \$128.15

IC 2021 Registrations taken from November 30 to December 31.

Richard Cortopasso \$47.00

Stephen Stott \$47.00 (will receive free patch)

Registration

2 this month @ \$94.00 total this month before fees

Registrations total \$1688.00 before fees

Badges -0 this month @ (\$10.00) total - 10 total sold (\$100.00 before fees)

Patches - 0 this month @(\$5.00) total - 8 total sold (\$40.00 before fees) 5 free badges

Friday night Banquets - 1 this month @ (\$40.00) total sold -8 (320.00 before fees) Stephen Stott

Saturday night banquets - 0 this month @ (\$50.00) total sold - 14 (\$700.00 before fees)

Total collected by IC2021 as of December 31. \$2848.00 less PayPal fees of \$97.50 = \$2750.50

I am offering the remaining coronavirus com badges for sale with the proceeds going to support the IC this year. We have passed the deadline to cancel and will owe the hotel 50% of the total costs if we cancel now. I am hoping that the vaccine will be good enough to get us more registrations before June.

Expenses - none this month.

Expenses to date.

Hotel deposit - \$500

Patches - \$148.19

domain name - \$25.90

total expenses to date = \$674.09

I have not yet ordered the com badges.

STARFLEET MARINES ACCOUNT

The SFMC Bank Account is no longer frozen due to the fraudulent check presented against the account in April. All income from Quartermaster sales that has been held in the PayPal account will be moved to the bank account and I will start using the account as soon as I can get a new debit card issued to replace the one that was cancelled. At that time, I will reimburse the Main account for all postage and purchases we have made during the shutdown.

This is what the numbers would be if we had the account active.

Opened the month of December with a balance of \$8044.84.

Credits equaled -\$161.78 PayPal sales less fees \$7.39 = \$154.39 PayPal pulled today.

Debits equaled - \$42.40 postage on quartermaster orders.

Closed the month of December with a balance of \$8156.83.

SFMC Scholarship Account

Opened the month of December with a balance of \$2749.62

Credits equaled \$.02

Debits - \$0

Closed the month of December with a balance of \$2749.64
