

**FLEET STATUS UPDATE | JUNE 2020**

# FLEET ADMIRAL | STEVE PARMLEY

[cs@sfi.org](mailto:cs@sfi.org)

[bementfire@gmail.com](mailto:bementfire@gmail.com)

Every Tuesday, Ask Me Anything is at 2100 hrs Central Standard Time (CST) on Facebook.

Every Monday STARFLEET After Dark is at 2200 hrs Central Standard Time (CST) on Facebook.

Come see what all the talk is about!

## **HUMANOID RESOURCES | Bran Stimpson**

HR continues to post and receive applications from members interested in volunteering in many areas of STARLEET. The HR email address was changed from a forwarder to a full email address. An opening for an HR assistant has been created and posted. One application has been submitted so far. Once confirmation from Communications on what email lists the HR email is subscribed to, we will begin active promotion of openings.

## **HELPDESK | Frank Gonzalez**

To assist the membership of STARFLEET the International Star Trek Fan Association Inc, we are making a change to the operations of the STARFLEET Helpdesk. The way the helpdesk is being run currently is not working. Now when a member submits a ticket the Helpdesk agent reviews the ticket, sends an initial response, where they either answer the ticket or assigns it to the correct department to handle the situation. After that the agent has nothing to do with that ticket. This is a common customer service model. What I am proposing is a return to the way the helpdesk was operating years ago. A more Customer Advocate role. This would be when the agent reviews the ticket, they send an initial response, preferably within 24hrs of the ticket being submitted. Then they take responsibility for that issue. They reach out directly to whomever within STARFLEET can resolve the issue, if not themselves. We will also do our best to educate the member. For example, a member asks about a database password reset, the Helpdesk agent will reset the password and send the new PW but also include the instructions for how the member can reset their password in the future in order to hopefully empower the member. I believe this will not only help the member get their issue resolved faster, but also assist in eliminating "lost" tickets. Helpdesk agents would become Member Advocates working for the member to resolve the issue and not just "passing the buck" and walking away. Opening for a Helpdesk Member Advocate is already posted on the SFI HR Site.

## **RECOGNITION | Kelli Caplette**

Promotions Kelli and Pam are very quick to respond to your Promotion and Order of Merits inquiries. Again, please be patient as sometimes real life does override our fandom jobs.

**COMMENTS**

The voting on Annual Awards is almost complete. We held a runoff election for Chapter, Support Chapter and Officer of the Year. The deadline for the runoff vote was June 26th. Outstanding votes are CS and CompOps.

I am not able to send attachments through Webmail. Bran has reported this to CompOps, but I have not heard back. I have also had problems with the EC being able to access files that I have shared with them on Google. These 2 issues have caused some delays with voting for the Annual Awards. I still have not received an answer to my question about last year's information.

### ORIENTATION/WELCOME OFFICE | Alan O'Shea

Alan O'Shea has been working hard on getting the emails out. We are using the orientation SFI email address and also have setup a Gmail account. The hope is that we can get more members their welcome information with the SFI email black listing issues.

Orientation office is pleased to report that we are caught up to date with sending out Welcome emails to all members due to get them as of June 29th.

Break down of total e-mails sent for May:

- Via [orientation@sfi.org](mailto:orientation@sfi.org) from 5th May: 02nd June = 231 emails
- Via the orientation Gmail for May = 158 emails

# ADMIRAL | JAMES HERRING

[ussmogo@gmail.com](mailto:ussmogo@gmail.com)

Greetings all! With everything going on, be safe. Keep being as safe as possible. Also, please like our various Facebook pages.

With everything going on with the database had me thinking; does any ships keep records, either hard copies or electronic like personnel files? On all the ships I have commanded I have tried to keep duplicate records for my crew. This way if something happened there was always a backup. Also, we keep personnel files, the better to visualize and become who we are in STARFLEET. In the early days people would ask me, who I was pretending to be; Captain Kirk? No, I said, I was Captain (Commodore, Admiral, etc) James Herring. My current personnel files span 62 pages. Most of it is my Academy courses, as I have been in Fleet for 33 years. It also has all my duty assignments, when I was promoted, and the ships I have been on. I was wondering if any other ship has something like personnel files and if they keep back up records. I would love to hear from any ship that does and see a copy of what you use. In this day and age where you can put so much on an external zip drive, I hope you are backing up your files.

Be safe out there!

The first rough draft of the guide for members with disabilities is complete. This is a living document and will obviously be revised as needed in the future.

That being done my next goal is looking at areas of the website, database and other areas that can be improved for accessibility.

## STARFLEET DIPLOMATIC CORPS CPT AARON HIMES

[sfifleetambassador@gmail.com](mailto:sfifleetambassador@gmail.com)

We are still moving forward. With the failure to contact KAG, we are moving on to Starfleet Command. We will keep going till we are successful. We are still at a standstill for the webpage as we try to find someone to help with it.

We are making our first pairing with the Sistership Program. The USS Omnus in Region 8 with the USS Missouri in Region 12. Once we see that it is working well and make any changes needed, we will start pairing more ship. With the resignation of David Hines as the Director of the Sister-ship Program, we will be looking for a new one soon.

## FAST RECRUITING ORIENTATION SHAKEDOWN TEAM (F.R.O.S.T)

Still awaiting to boldly go, the F.R.O.S.T program is still on hold due to COVID. Looking forward to the day we can get this initiative out of dry dock.

Till then stay safe.

## MACO RADM DENISE RUSH

I have been in contact with Bran regarding the open positions in MACO.

The Uniform committee worked very hard to meet the standards I set for them. The new Uniform Manual was released along with the New Training Manual and revised SOP on May 16, 2020. The Awards Manual was also released a few days later and we are still working on getting the submission form on the Website.

The reporting issue with the website seems to have been resolved and reports are now coming in properly to the Group Commanders and the Dir of Ops.

There were 61 Training Certificates and 72 Advanced Training and Specialty Certificates issued for May. The MACO Training Report for May is also attached should you desire a more detailed report.

- 1) Manual revisions are still ongoing. Also we have been adding courses to Moodle again, not all are there so if you are looking for a course not yet on Moodle Courses they can be requested via email to each branch director. Please visit our SFMCA for additional information. <http://sfmca.sfi.org/>
- 2) The final day for receiving Honor Awards nominations is July 15th!!!!
- 3) The blood drive is almost over the end date is June 30th so get your proof of donation to the SFMC SGM before the end date.
- 4) Our 2020 International Muster date is confirmed waiting for an official announcement to be posted. Please remember to sign up for the SFMC Facebook page and the Corps List for any updates concerning the IM.
- 5) The new SFMC QM is online now. If you need your SFMC ribbons or badges take a look.
- 6) From FORCECOM... Reminder: Marines are responsible for maintaining their own records. With an eventual Database migration down the road, FORCECOM recommends keeping a printed copy of their DB record just in case.
- 7) From FORCECOM... Marines are encouraged to attend a brigade muster this year. The Brigade Muster Award can now be earned by attending a muster virtually as well as in person. Marines can attend any Brigade's Muster they choose (provided the Brigade hosting allows outside marines – hosting BDE's discretion) and can attend as many musters as they like. Can only receive awards once per year. Will be issued for the first one they attend.
- 8) From the DepDant... The latest Uniform manual is now uploaded on our SFMC website and also Facebook page and it includes the Picard 2399 uniform standards

## **STARFLEET MEDICAL** **CPT MARK LOGAN**

[medical@sfi.org](mailto:medical@sfi.org)

### **FACEBOOK LINK**

Members Affiliated in the Database with STARFLEET Medical: 246 - an increase of 3%

Members Officially Registered with STARFLEET Medical Facebook Page: 236 an increase of 16.

The “Operational Plan” developed in 2015 continues to be a baseline reference for STARFLEET Medical members although currently under review.

The main themes are:

*Raise community health awareness and home safety issues using official and /or Government resources;*

*Make explicit efforts to work collaboratively with SFI Regions to further develop health awareness programming (including community service efforts).*

### **STARFLEET Medical Recognitions**

None at this time due to awards process rewrite and to bring it into line with GDPR and compliance.

New Awards program should hopefully be active from July 1st.

### **Hypospray Webzine**

The first edition has received good reviews from members following its publication and will be available in Spanish and French versions by the months end. [LINK](#)

### **STARFLEET Medical Website**

Work continues on the STARFLEET Medical website to streamline it and remove the duplication of information.

### **Research & Development Department**

This Department has now met its target staff level and work is progressing quickly. Again, this is a project group initially and is available to help update medical exams at the academy under the director’s guidance or updating medical awards or databases. Updating the Medical handbook and Federation drugs and treatment Database. Anyone looking for assistance with Medical topics please get in touch.

### **Regional Assistant Surgeon Generals (ASG)**

Due to its geographical size Region 1 will now have 2 Deputy ASG’s following discussions with ASG and Regional Coordinator.

Facebook pages are now being created for the post by the appointed ASG’s and I would encourage regional members to sign up to the pages.

## Please Remember

STARFLEET Medical does the same as SFMC & MACO- it gives members a different way to channel their fandom within SFI, that's it! We act as a central focal point for the medical aspect of SFI in the same way the SFMC & MACO do for those interested in the military side of SFI and just as they support their members we do the same offering support and encouragement to Medical members.

## STARFLEET Medical Com Badges

The badges have been designed and await production. Once the fleet Charity CoVid-19 badge orders have concluded production will begin. [LINK](#)

Starfleet Sciences is an informational resource within the old Fleet Resource Center concept which promotes science education and explores the portrayal of science within the Star Trek shows. Starfleet Sciences has a web site ([LINK](#)) which includes a Chief Science Officer Handbook; in the past month, the number of hits to the web page increased 41 to 5317. Starfleet Sciences also has a listserv and Facebook page; the Facebook page has 2595 lifetime total likes and 471 daily total impressions for May. A Pinterest board of science-related events by region is available ([LINK](#)). A Stellar Cartography department, with Capt. Michael Krogh ([MAIL](#)) at its head, has a goal to promote amateur astronomy through information, advice and communication. Stellar Cartography's Facebook page is ([LINK](#)).

Starfleet Sciences Director Richard Heim and wife are safe and healthy, continuing to shelter at home to escape the novel corona virus COVID-19. Starfleet Sciences receives reports from the regional science officers or liaisons in seven regions (1, 7, 8, 9, 11, 13, and 15). Region One Sciences (also led by Adm. Heim) was active with six ships reporting in May, and Region 7's Comm. Held summarized many new developments in the field of astronomy and space exploration reported by the USS Sovereign. Comm. Held's summary included reports on: Earth is dustier than we thought; the first two interstellar visitors to the solar system are finally shedding light on their places of origin; mystery of Venus atmosphere's weird rotation may finally be solved; the probability of life emerging from inorganic matter; building blocks of life found in famous Mars meteorite ALH84001; could life thrive on hydrogen-rich alien worlds?; solar-sailing sentries could allow up-close study of interstellar visitors like 'Oumuamua; and weak Martian magnetic field may have let air out.

May posts to the Starfleet Sciences Facebook page were light this month and consisted mainly of Science Shows on TV This Week. The May 31 post was viewed by 70 people.

[gumbysan@gmail.com](mailto:gumbysan@gmail.com)

Greetings Fleeters!

Here are this month's stats from Operations.

12 Chapters and 1 Region failed to report this cycle. This represents a vast improvement over the 20+ who have not reported for over a year.

A reminder that reports are due from the 1st to the 5th to be considered ON TIME. Reports received from the 6th to the 10th are considered LATE. Any from the 11th and after are considered FAILURE TO REPORT.

Blank reports or reports that state "Nothing to Report" are no longer accepted and will be counted as an FTR. Why, you ask? Because we want to know about your chapters. We have people who actually read these reports and communicate feedback where appropriate. Surely an entire month doesn't go by where you don't talk to your members. Let us know what's up.

Turning to ShOC, we launched three new chapters in training:

Ares (R2)

Rising Star (R4)

Bellerophon (R1)

We also commissioned the USS Resolute.

Welcome to these new chapters!

Interested in launching a chapter of your own. The process is easy and takes only 5-9 months depending on the experience of you and your crew. Contact [shoc@sfi.org](mailto:shoc@sfi.org) for more information.

That wraps it up for this report.

Until next month.

# ADMIRAL | JEFF HIGDON

[comms@sfi.org](mailto:comms@sfi.org)

Greetings. I have a few things to cover on this issue.

I'm proud to announce the creation of a new division within the Communications Department. The division of Video & Audio Services will oversee the production of all official STARFLEET Video and Audio Efforts. This includes the current productions "Commander. STARFLEET AMA" and the ever popular "STARFLEET After Dark". There will be more announcements concerning other video and audio efforts in the upcoming month.

I am pleased to announce the appointment of the Vice-Chief of Communications, Video & Audio Services is Marine Captain Russell Camp. He will oversee the production of all videos and audios that is an official part of our association. Lieutenant Camp currently serves as the producer for "Commander, STARFLEET - Ask Me Anything (AMA)", "STARFLEET After Dark" and the "International AMA". Congratulations Captain Camp, and may the winds be at our backs in this effort!

We are requesting that our seasoned members look through your files for old Communiqués. We are missing quite a few of them and would very much like to put them in our files, which you can find at the STARFLEET Database (SFDB). The issues of the STARFLEET Communiqué that we are missing are:

1, 3-9, 13-25, 27-29, 31-41, 44.

We would appreciate your help very much in this effort. Please remember that these CQ's are hard copy and will need to be scanned and sent to us. If you cannot scan and you wish to either contribute the CQ in question or loan the CQ to the association, please contact our Vice-Chief In Charge of Publications and Manuals, Lieutenant TJ Feldman at [vice-chief-pub@sfi.org](mailto:vice-chief-pub@sfi.org) to make arrangements. Again, we would appreciate if you can search through your records to see if you have the CQ's in question.

In fact, we are in search of any manuals, forms, or publications whether they be current or from past times. These publications (which we will call them) can be out-of-date and are usually no longer in circulation. If you have such STARFLEET publications, please contact Lieutenant Feldman at the email address given in the last paragraph. It will be very much appreciated!

Our social media service staff have been busy with approving and moderating our Official Facebook and Mailing Lists. However, they have the added duty of checking membership status for our association. You must be a current member of STARFLEET in order to be a member of either the STARFLEET Facebook pages.

It is come to our attention that there are individuals who are no longer members of our association and yet are still members of our media platforms. Those whose memberships in SFI that ended more than six months ago will be removed from the social media pages. In order for you to return as a member, you will need to renew your membership in STARFLEET and reapply to become a member of those social media groups. Remember that you will need to respond to all membership questions for our social media platforms: give permission to access your information on the STARFLEET Database (SFI DB); give your SCC number; and give the name that appears in the SFI DB. If you give an incomplete in application, the add request will be denied.

Those whose memberships have expired six months ago or less will be contacted by a member of our Social Media Staff and given 24 hours to respond to the communication. If you do not respond within that timeframe, your membership in those account(s) will be deleted. However, if you respond in that time period and say that you're having a trouble or need some time with renewing your STARFLEET membership, you will be given up to 60 days to renew. After of the 60 days, your membership within that social media account(s) will be deleted.

A note here that all Approvals, Denials, Deletions and Responses to Questions and Comments will be done by the Social Media Team under the direction of Vice-Chief of Communications, Social Media Services, Rear Admiral Eric Johannson. He may be contacted through FB messenger or emailed at [comms-vice@sfi.org](mailto:comms-vice@sfi.org). Please allow no less than 24 hours' time for a response.

That is all for this month. See you next month!!!

# MAJOR | TJ ALLEN

[academy@sfi.org](mailto:academy@sfi.org)

We have moved MACO Training Centre back into STARFLEET Academy. The Institutes from MACO Training Centre (Institute of Military Knowledge, Institute of Military Studies, and Institute of Special Operations) has been moved into Institute of Military Studies and Institute of Military Operations. The Deans from each institute in MACO TC has remained in place with the Dean of Institute of Military Knowledge taking the Assistant Dean position in Institute of Military Studies.

All courses are being reviewed at this time. Right now, it stands at 23% complete. I will be asking the Directors to step up on this and get them done.

The STARFLEET Marine Corps Academy is being uploaded into Moodle. As soon as the whole college has been put in it will open. SFMCA are still updating their manuals and files and handing them over to the Webmaster to get put in.

## SFA NEWS

The numbers were slightly up from last month. The approximate traffic for SFA for May was 149 different students taking almost 1,450 courses. Next month these numbers will include the MACO institutes as we have finished the required re-integration of those institutes and colleges back into SFA.

I am pleased to welcome Franklin Newman as the new Vice-Commandant. Few people know as much about SFA as Franklin, and he will be a definite asset.

We are continuing to work on the mandated revisions and updates. We appreciate the efforts of the Commander, STARFLEET to help find us some members to assist. The problem seems to be that with some people, they contact me, I respond to them, and then I never hear from them again. The good news is that we do have several staff members who have offered to assist others with this process once they have finished their colleges, and we do have some volunteers outside of SFA that are going to be able to help us.

We have filled a few more of our open positions, and continue to post the openings with HR. Bran is working with me to get everything advertised, and he just sent me a new batch of applications. Many of our recent staff additions are not only working out well, they are applying to take on even more positions.

## MACO TC NEWS

Institute of Military Knowledge (IOMK)

- Upon closing of the MACOTC this college will be placed in the SFA IOMS.

Institute of Military Studies (IOMS)

- Upon closing of the MACOTC this college will be placed in the SFA IOMS.

Institute of Special Operations (IOSO)

- Upon closing of the MACOTC this college will be placed in the SFA IOMO.

## **GENERAL COMMENTS**

Bruce O'Brien was approved as the Asst. Dean of the IOMS. Richard Hewitt was approved as the Asst. Dean of the IOMS. Starting June 1 st Bruce has taken over all colleges in the former IOMK and IOMS.

Kelli Caplette was approved as the Dean of the IOMO. TJ Allen stepped down as Asst. Dean of the IOMO; position has been advertised.

Once all final reports are submitted, I will contact SFA Services and let Jayden Tyronian know that he can close all MACOTC Chat Groups.

I will send the SFA Director and Dean MSR forms to Bruce and Richard so they can send them to their Directors for filing with the SFA again.

I will send the SFA Director forms to my IOMO Directors.

It has been my honor and privilege to serve as the Head of the MACO Training Center. My staff did an incredible job. I would like to thank all of them for their time, hard work and dedication.

## **SFMCA NEWS**

### **STARFLEET MARINES ACCOUNT**

The SFMC Bank Account is currently frozen due to the fraudulent check presented against the account in April. All income from Quartermaster sales is being held in the PayPal account until we can get a new bank account opened. I have to have the Articles of Incorporation renewed by the State of NC and they are not answering my emails. I submitted the paperwork called for on their website and it was returned as unnecessary. I contacted the sender for instructions on how to go about it and she said her supervisor would contact me. I am still waiting for that return email. Will try again later today.
